

Like what you see? Visit our website or drop us a line. We're always available for a lunch & learn on gymnasium equipment or telescoping bleachers.

In January, we completed the installation of Interkal bleachers at West Feliciana High School (right). The bleachers are retractable which allows room on the floor for functions or when practicing for games. We will be doing the visitor's side this summer.

Interkal's Universal seat module has a distinctive "waterfall" front that is highly functional and aesthetically pleasing. The angled seat modules

provide substantially more leg room than competitive products. The waterfall design allows spectators to more freely move legs— add to that a full 17" adult seat height, and you have the most comfortable seating system available. Universal seat modules are engineered for unparalleled spectator safety and can meet all building code requirements. Interkal offers a full range of safety-oriented accessories that allow you to customize your installation to meet your specific needs, such as end & back rails, end panels and motion monitors. Aisle rails are permanently bolted in

position and automatically store in the deck, ensuring that the rails are in place at all times for spectator safety. This innovative design eliminates the need to set up rails, maximizing labor savings. Call us today for more information!

Installation of a Universal seat module system at Oak Grove High School Volleyball Gym.

## SEATING CONCEPTS

D & A Associates has added a fixed seating line to our list of manufacturers. We are representing Seating Concepts in our three state territory for projects we are working. Check out their blog on their [website](#). We can assist you in preliminary drawings and budget numbers on your fixed seating project. Just give us a call.

### Where we're working

- ABITA SPRINGS, LA
- NEW ORLEANS, LA
- HAUGHTON, LA
- SEARCY, AR
- LAFAYETTE, LA

Proverbs 3:5-6 MSG  
Trust God from the bottom of your heart; don't try to figure out everything on your own. Listen for God's voice in everything you do, everywhere you go; he's the one who will keep you on track.

We will be at the Louisiana School Facility Manager Conference again on April 28<sup>th</sup>. Interkal Regional Manager Brent Weessies will be on

hand again this year to answer your questions about telescoping bleachers and arena seating. Don't forget to visit our booth!

Porter Athletics now has a blog, keeping you up to date on what's new! Click [HERE](#) to check out what's happening.
